In Re Patent of:

Ronald Redline et al.

Patent No.: 6,200,451

Issue Date: March 13, 2001

Docket No. 2156-056

Title: Method for Enhancing the Solderability of a Surface

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Attention: Certificate of Corrections Branch

**RENEWED REQUEST FOR CERTIFICATE OF CORRECTION
FILED UNDER 37 C.F.R. 1.323 and 1.324**

A Request for Certificate of Correction was previously filed on October 11, 2012 in connection with a Petition to Correct Inventorship of a Patent, which Petition was granted on February 21, 2013 and for which a Certificate of Correction has been issued with the correct inventorship. However, while the Request for Certificate filed on October 11, 2012 also requested that the benefit claims of the prior-filed applications be corrected, the issued Certificate of Correction only corrected the inventorship.

It is hereby requested that a Certificate of Correction pursuant to 35 U.S.C. 255 be issued to correct errors in the above-identified patent as follows:

Please list the Related U.S. Application Data as follows:

- (62) Continuation-in-part of application No. 08/982,980, filed on Dec. 2, 1997, now Pat. No. 5,935,640, which is a division of application No. 08/621,098, filed on Mar. 22, 1996, now Pat. No. 5,733,599

Patent No.: 6,200,451
Date of Patent: March 13, 2001

Continuation-in-part of application Ser. No. 08/982,980, filed on Dec. 2, 1997, now U.S. Pat. No. 5,935,640, which is a division of application Ser. No. 08/621,098, filed on Mar. 22, 1996, now U.S. Pat. No. 5,733,599.--

Because application No. 09/251,641 (now Patent No. 6,200,451) was filed prior to November 29, 2000 a certificate of correction can be used to correct the claim to priority of application serial Nos. 08/621,098 and 08/982,980 in the above-identified patent without the need for a petition. See MPEP §201.11.

As described herein, the Certificate of Correction adds the benefit claims of the prior-filed applications to the front page of the Patent and includes an amendment to the specification to add the benefit claim of the prior-filed non-provisional application to column 1, first paragraph of the specification.

The corrections described herein would not involve such changes in the patent that would constitute new matter or require reexamination.

Based thereon, attached hereto is a Certificate of Correction (Form PTO/SB/44), which has been prepared to state the nature of the errors and the requested corrections, namely the claim to priority of application serial Nos. 08/621,098 and 08/982,980 in the above-identified patent. It is respectfully requested that the sealed Certificate of Correction be forwarded to the undersigned at the address listed below.

While it is not believed that any fee is due because Patentee is simply renewing the previously filed Request for Certificate of Correction to correct the benefit claims of the prior-filed applications, in the event that a fee is due, please charge the undersigned attorney's deposit account, No. 50-0447.

Patent No.: 6,200,451
Date of Patent: March 13, 2001

In the event that any issues remain which prevent the issuance of the Certificate of Correction, it is respectfully requested that the undersigned attorney be contacted so such issues can be resolved.

Respectfully submitted,

By:
